SUMMARY

A junior programmer and recent graduate of the NSCC IT Program, with a love of programming and writing clean and efficient code. I am eager to make use of my acquired knowledge to contribute to innovative software solutions and expand my horizons.

With my logical problem solving skills, critical thinking, and research skills, I believe I have the skills to adapt to any situation and learn any skills I may be lacking, and take on any challenges that I may face.

SKILLS

Programming Languages:

- C / C++
- C#
- SQL
- Java
- NODEJS
